

COMPENSATION FOR INJURY

Confidentiality

Medical information and records related to an individual's claim are confidential and should not be discussed unless the information exchange is necessary to obtain medical assistance or to process the required documentation.

Coverage

The State of Alaska Workers' Compensation Act provides for compensation and/or medical care for state employees who sustain injuries related to the performance of his/her duty. This includes off-shift hours when assigned to an incident or staging area or when in travel status. State of Alaska employees, including EFF, are covered by State of Alaska Worker's Compensation, even when on a federal fire, disaster, or on assignment to the Lower 48. The Incident Agency is ultimately responsible for ensuring that compensation for injury cases are properly handled. Initial paperwork must be scanned to the following email address.

Provider - The worker's compensation insurance adjuster for State of Alaska employees is:

TriStar Risk Management
P.O. Box 240369
Anchorage, AK 99524-0369
Phone: (888)538-9847
Fax: (562)506-0330
doa.dop.roi@alaska.gov

Follow Up Information -

Any follow up medical documentation after initial appointment or return to work notes from the physician must be scanned to both following addresses:

DOA.DRM.Tristar@alaska.gov

anne.yarnall@alaska.gov

Work Injuries/Illnesses Generally Covered

- Accidental injury arising out of, or in the course of, employment
- Breakage of prosthetic devices which function as part of the body such as eyeglasses/contact lenses, hearing aids, or dentures as a direct result of duty performance, e.g., a limb falls and breaks an employee's glasses
- Occupational diseases or infections such as dermatitis due to plant poison or chemical irritant or excessive smoke inhalation on a fire line
- Injury caused by the willful act of a third person directed against an employee because of his employment

Conditions Which May Void Coverage of Worker's Compensation

- Willful misconduct of employee
- Injuries or death of an employee caused by their intention to bring about the injury or death of themselves or another person
- Intoxication of the injured employee

ALASKA DEPARTMENT OF NATURAL RESOURCES
DIVISION OF FORESTRY
ALASKA INCIDENT BUSINESS MANAGEMENT HANDBOOK

- Being under the influence of an illegal drug or the misuse of prescribed drugs

Filing Procedures and Responsibilities

The Division, (incident/Area) must report any event involving death or in-patient hospitalization to the Regional Forester Tim Dabney (907)761-6238 cell (907)750-1290 and the Division's Safety Officer Thomas Greiling (907)761-2647 cell (907)631-8506 within 8 hours.

The State of Alaska uses the State of Alaska Department of Labor's **Employee Report of Occupational Injury or Illness to Employer** (Form 07-6100), **Supervisor's Accident Investigation Report** (Form 02-932, form # does not appear form), **Employer Report of Occupational Injury or Illness** (Form 07-6101), and **Physician's Report** (Form 07-6102), to document work-related injuries and illnesses.

When an employee has been, or claims to have been, injured or becomes ill from work-related causes, Form 07-6100, Employee Report of Occupational Injury or Illness to Employer and Form 02-932 Supervisor's Accident Investigation Report must be completed and submitted **immediately** to the applicable Finance Section, Area Admin, or Regional Admin. The Area Admin or Regional Admin must complete Form 07-6101. Failure to file forms and supporting documentation within the required time may subject the Area/Region's operating budget to a penalty equal to 20% of the amount of compensation payable to the injured employee. An employee may file Form 07-6100 at any time without penalty. No one has the authority to deny an employee the right to file. If an employee chooses not to file, the supervisor may file on employees' half relaying whatever information is available to them.

Upon receipt of Form 07-6100, Supervisor's Report and Form 07-6101, the packet will be forwarded by the Regional Office to the Division of Worker's Compensation, doa.dop.roi@alaska.gov and the Division of Forestry's Safety Officer, Thomas Greiling, thomas.greiling@alaska.gov.

Incident Supervisor's Responsibility

- Be sure the employee has been provided first aid and/or medical treatment if needed
- Assure the completion of Form 07-6100 by the injured employee, work comp specialist, supervisor, finance unit, or agency admin
- The supervisor must complete a Supervisor's Accident Investigation Report Form 02-932. The form will be submitted with the original Employee Report of Occupational Injury or Illness Form 07-6100, and will be included in the injury package sent to the Finance Section, Area, or Regional Admin, whichever is applicable.

At no time should employees comment on the likelihood of a claim being covered other than to inform the injured or ill party of their financial liability if the claim is determined not to be work related.

Final determination of work-related validity is the responsibility of the Adjustor. It is important that an employee is forewarned that they may be liable for any medical costs incurred if the injury/illness is determined NOT to be work-related.

Emergency Medical Care

Emergency medical care should be obtained from the nearest qualified physician or hospital. Employees will be responsible for all medical expenses if the injury/illness is not covered by worker's compensation. Before leaving the medical treatment facility, the employee or accompanying Admin will need to obtain a doctor's work release. If the employee does not receive a full release, any restrictions or limitations should be provided by the doctor in writing. Employees will not be allowed to return to work without the doctor's written release to work.

Prescriptions

All employees should bring with them enough of their prescribed medication to last the entire assignment. Situations arise where it is necessary to obtain a prescription while on an incident due to injury or illness. The employee will be responsible for the charges if the adjustor determines the injury or illness is not work-related. If the work relatedness of the injury or illness is questionable, the medications are charged to the employee's commissary. The employee can seek reimbursement from the adjustor.

Prescriptions can be paid for as follows:

- Injured employee pays up front and seeks reimbursement from adjustors
- Pharmacy direct-bills the respective Area/Region which then charges the cost to the employee as a commissary item
- Pharmacy charges the adjustor directly (if not work-related, employee will be responsible for the charges)

State of Alaska Crews or Employees on Out of State Assignment

Federal Agency Provided Medical Care (APMC) may be utilized for State of Alaska employees and crews on a federal or out-of-state assignment. Refer to the Interagency Incident Business Management Handbook for explanation of APMC coverage and forms required.

All State of Alaska employees must fill out the Employee Report of Occupational Injury or Illness to Employer Form 07-6100 if they seek any medical treatment, have a work-related injury or illness, or use APMC. If APMC is utilized, Form 07-6100 should clearly specify at the top, "**APMC UTILIZED**" to avoid duplicate payment. Any federal or medical forms filled out (i.e. physician's statement) should be attached to the original Form 07-6100.

Authorization Letter from the Director of the Division of Forestry

The intent of this letter is to show Canadian authorities and Canadian medical providers that State of Alaska Workers Compensation will cover Alaskan crews and overhead on fires in Canada for work-related injuries or illnesses. (See supplement)

This letter should be offered to a provider only when treatment is refused for a truly work-related injury or illness. If treatment is refused due to payment method, there are three choices:

- The employee can pay and request reimbursement from the State's adjustor
- The Supervisor or Agency Admin can charge it on a State P-Card, then charge the employee's commissary
- The employee or Supervisor/Agency Administrator can contact **TriStar** at (888)538-9847

Non-work-related Medical Treatment for Alaska Natives (including American Indians)

Prior to seeking treatment, be sure to notify the employee that:

- Worker's compensation does not cover non-work-related medical treatment
- Their contract health organization will only cover emergency care
- The employee may ultimately be responsible for all expenses incurred

In addition, the two contract health agencies, ANMC and Tanana Chiefs have strict guidelines for what they will cover and what they will not cover. Documents with these guidelines can be found on pages 12 and 13. Please refer to the crew list on pages 8 and 9 of this chapter to determine which agency is medically responsible for the employee.

If a non-work-related injury, illness, dental problem interferes with the capacity to work and medical attention is warranted, reasonable effort should be made to find the closest Indian Health Care provider where services may be obtained. Call the provider to be certain the employee's visit will be covered. If not, a non-Indian Health Care Provider, dentist or doctor can be utilized, but the charge for the visit and any medications or prosthetic devices will be paid by the employee or paid by P-Card or other means and deducted from the employee's pay via commissary.

When receiving treatment by a non-Indian Health Services Provider or as soon as possible afterwards, contact the Tanana Chiefs Contract Health or the Alaska Native Medical Center Contract, depending on the residence of the employee to notify them of the treatment being provided to their client to see if the treatment will be covered by ANMC or TCC. If the medical treatment is being sought on a weekend or after hours, call the appropriate Native health agency at the numbers shown below as soon as possible during their normal business hours. Both contract health agencies in Alaska will only pay for emergency medical treatment.

Tanana Chiefs Contract Health

(907) 451-6682, ext. 3613 or 1-800-770-8254, ext. 3613

Non-work-related Medical Treatment for Non-Natives

If the employee is not an American Indian or Alaska Native, seek medical treatment in the most practical and expedient manner. The employee should be informed that worker's compensation does not cover non-work-related problems and they will be responsible for all medical expenses if their claim is denied by the Worker's Compensation Adjustor. A Report of State of Alaska Report of Occupational Injury or Illness must be completed and submitted.

A Medical Log will be provided for the final fire package to the Home Unit.

Timekeeping Adjustments

For non-crew EFF time ends at the time of arrival at the medical facility. For crew EFF time ends at the time of arrival at the medical facility or 8 hours into shift time to meet the Crew Management Guide guarantee (whichever is greater). Time spent receiving care is non-compensable unless required to meet guaranteed hours.

Routing State of Alaska Forms

Employee and Supervisor:

When all required State of Alaska forms have been completed and signed by the employee and supervisor (or other appropriate representative), the forms will be scanned or faxed from incident to the individual's home unit.

The Individual's Home Unit:

The Home Unit will audit and complete Form 07-6101 and scan documents to the Regional Office and from there it will be scanned to:

Department of Administration, Division of Personnel doa.dop.roi@alaska.gov
And Division of Forestry, Safety Officer, Thomas Greiling thomas.greiling@alaska.gov

State of Alaska employee's Regional Office always gets the original paperwork.

It is advisable to keep a fax/scan confirmation with the paperwork copies. After the Area office has submitted all paperwork to Regional Admin, the Area office copies should be shredded.

Federal Worker's Compensation Claims Distribution

Financial Services (located at BLM-AFS on Ft. Wainwright) coordinates federal worker's compensation claims for Alaska BLM employees. Financial Services may coordinate claims for other federal employees (Forest Service, Fish and Wildlife, etc.) if they receive treatment in Fairbanks, or if requested to do so by an Incident Management Team or host agency.

For BLM-Alaska Fire Service employees, fax the relevant forms to AFS – Financial Services within 48 hours. All **originals** to go to BLM – Alaska Fire Service.

State of Alaska Department of Natural Resources Division of Forestry

Burn Injury Protocol

Filing Procedures and Responsibilities

The Area must report any event involving death or in-patient hospitalization to the Regional Forester and the Division's Safety Officer within 8 hours.

The State of Alaska uses the State of Alaska Department of Labor's "Report of Occupational Injury or Illness to Employer" (Form 07-6100), and the State of Alaska's "Supervisor's Accident Investigation Report" (Form 02-932) to document work-related injuries and illnesses. When an employee has been, or claims to have been, injured or becomes ill from work-related causes, Form 07-6100 must be completed and submitted immediately to the applicable Finance Section, Area Admin, or Regional Admin. Failure to file Form 07-6100 within the required time may subject the Area/Region's operating budget to a penalty equal to 20% of the amount of compensation payable to the injured employee. An employee may file one of these reports at any time. No one has the authority to deny an employee the right to file.

See that copies of the Form 07-6100 and Form 02-932 (Supervisor's Accident Investigation Report) are faxed immediately to the employee's home unit. Copies are also provided to the Division of Forestry's Safety Officer with any personal identifying information such as name, address or social security number blacked out.

At no time should employees comment on the likelihood of a claim being covered other than to inform the injured or ill party of their financial liability if the claim is determined not to be work related.

Final determination of work-related validity is the responsibility of the Adjustor. It is important that an employee is forewarned that they may be liable for any medical costs incurred if the injury/illness is determined NOT to be work-related. After learning an employee has been or claims to have been injured, Form 07-6100 must be completed and submitted immediately to the applicable Finance Section, Area Admin, or Regional Admin. If an employee chooses not to file, the supervisor may file on the employee's behalf relaying whatever information is available to them.

The agency administrator or designee for the incident will coordinate with the employee's home unit to identify a Worker's Compensation liaison to assist the injured employee with worker's compensation claims and procedures.

**ALASKA DEPARTMENT OF NATURAL RESOURCES
DIVISION OF FORESTRY
ALASKA INCIDENT BUSINESS MANAGEMENT HANDBOOK**

Required Treatment for Burn Injuries

The following standards will be used when any firefighter sustains burn injuries, regardless of agency jurisdiction.

After on-site medical response, initial medical stabilization and evaluation are completed: the agency administrator or designee having jurisdiction for the incident and/or firefighter representative (e.g. Crew Boss, Medical Unit Leader, Compensation for Injury Specialist, etc.) should coordinate with the attending physician to ensure that a firefighter whose injuries meet any of the following burn injury criteria is immediately referred to the nearest regional burn center. It is imperative that action is expeditious, as burn injuries are often difficult to evaluate and may take 72 hours to manifest themselves. These criteria are based upon American Burn Association (ABA) criteria as warranting immediate referral to an accredited burn center.

During these rare events, close consultation must occur between the attending physician, the firefighter, the Agency Administrator or designee and/or firefighter representative, the firefighter's physician (if they have one), and the burn center to assure that the best possible care for the burn injuries is provided.

Burn Injury Criteria

- Partial thickness burns (second degree) involving greater than 10% Total Body Surface Area (TBSA)
- Burns (second degree) involving the face, hands, feet, genitalia, perineum, or major joints
- Third degree burns of any size are present
- Electrical burns, including lightning injury are present
- Inhalation injury is suspected
- Burn injury in someone with preexisting medical disorders that could complicate management, prolong recovery or affect mortality (e.g., diabetes).
- Any patient with burns and concomitant trauma (such as fractures) in which the burn injury poses the greatest risk of morbidity or mortality. In such cases, if the trauma poses the greater immediate risk, the patient may be initially stabilized in a trauma center before being transferred to a burn unit.
- When there is any doubt as to the severity of the burn injury, the recommended action should be to facilitate the immediate referral and transport of the firefighter to the nearest burn center

Severity Determination

- First Degree (Superficial) Red, sometimes painful
- Second Degree (Partial Thickness) Skin may be red, blistered, swollen, painful to very painful
- Third Degree (Full Thickness) Whitish, charred, or translucent, no pin prick sensation in burned area

Additional guidance regarding federal employees and a list of possible burn care facilities may be found at: http://ameriburn.org/verification_verifiedcenters.php

ALASKA INCIDENT BUSINESS MANAGEMENT HANDBOOK**

Dear Traveler:

This letter outlines the required procedures that need to be followed in order for the Alaska Native Medical Center's (ANMC) Contract Health Services (CHS) program to consider authorizing payment for **emergency medical care** while traveling outside the State of Alaska. "**Emergency**" means any medical condition for which immediate medical attention is necessary to prevent the death or serious impairment of the health of an individual. You must maintain Alaska residency and may be required to provide proof that Alaska residency has been maintained. Indian Health Service (IHS) facilities must be utilized when they are available. Prior to departing Alaska, you can verify if there is an IHS facility close to where you will be traveling by checking the web site at "http://www.ihs.gov/FacilitiesServices/AreaOffices/AreaOffices_index.asp". If you decide not to seek care at an available IHS facility, ANMC CHS will be unable to authorize payment for the medical care.

ANMC CHS must have eligibility documentation (Certificate of Indian Blood or tribal enrollment card issued by a federally recognized tribe) on file at ANMC. If emergent medical care is required, **CHS must be notified within 72-hours (including weekends and holidays) from the beginning of medical treatment or admission to a health care facility.** The patient or the patient's family has the ultimate responsibility of notifying CHS by calling (800) 478-1636. During those times the ANMC CHS office is closed you can leave a voice mail message. Leave your full name, date of birth and a contact telephone number. CHS staff will return your call the next business day. ANMC CHS is not an insurance program and does not provide coverage for travelers who are residents of the following service units: Annette Island, Tanana Chiefs Conference, Southeast Alaska Regional Health Consortium, or Ketchikan Indian Corporation.

Services that shall not be authorized by ANMC Contract Health include:

Routine obstetrical care.	Medications purchased while traveling.
Routine or emergent dental care.	Inpatient/outpatient mental health services.
Routine/non-emergent care and follow-up appointments.	Inpatient/outpatient substance abuse services.

You are required to provide, within 30-days, the medical records for all out-of-state medical care you receive. This can be accomplished by signing a release of information form from the facility to ANMC. The records will be reviewed by medical professionals to determine if the care you received is emergent. If upon medical review, the medical care received is considered non-emergent, CHS is unable to authorize payment. If payment is approved, it is the patient or patient's family ultimate responsibility to ensure that CHS receives all claims and applicable insurance information in a timely manner. CHS is unable to authorize payment for delinquent accounts due to untimely submission of claims and/or insurance information. For those traveling outside the United States, traveler is required to pay up-front for the medical care they receive, must still notify CHS within 72-hours from the beginning of treatment, must still provide CHS with the medical records, and can submit receipts to CHS for reimbursement consideration upon returning to Alaska.

For individuals moving outside the State of Alaska, you are encouraged to register and utilize the services available at the closest IHS facility. You can access the list of IHS facilities on-line at the internet address provided above. ANMC CHS cannot guarantee that you will be eligible to receive services at any of these facilities because each area has its' local policies for determining who is eligible to receive care at that facility. **As a mover, ANMC CHS is only able to provide coverage for emergent medical services for 180-days from the date you left Alaska.**

Lastly, as a traveler or mover, you are required to provide proof, with date, of when you left Alaska should you need financial assistance with medical care. This can be accomplished by your saving and providing those airline tickets or itineraries to CHS if requested.

Please call CHS at **800-478-1636**, select option 1 then select the option corresponding to the first letter of your last name should you have additional questions or concerns. Thank you and have a safe trip.

DOB: _____ CHART: _____

Thank you for asking about Contract Health funding for emergent medical services while you are outside of Alaska. Tanana Chiefs Conference may cover you for emergency medical services for 180 days (6 months) from the date you leave Alaska. *You may be asked to show proof of the date you departed Alaska.*

Services not funded include non-emergency care, care for conditions you had before you left Alaska, dental care, services received in a foreign country (ask about care in Canada), etc.

Some examples of non-emergency health needs, which are not usually covered:

- Urinary tract infections
- Colds
- Sinus infections
- Diarrhea/Vomiting
- Minor rashes
- Medication refills

Here is how to receive funding for your care and other options for you to consider:

⇒ **You must use Indian Health Service clinics and hospitals if they are available to you.**

Take with you proof that you are an Indian Health Service beneficiary, such as your BIA Certificate of Indian Blood or your tribal enrollment card. Corporation cards may not be recognized as proof of Indian Health Service eligibility.

⇒ **In a truly life threatening emergency, get the care you need.**

You then have 72 hours to call Contract Health and request funding. If you use the ER for healthcare that is not an emergency, YOU may be responsible for the bill. The ER is a place where **only** specialized emergency care is received.

Examples of emergency that may be treated in the ER:

- Heart attacks
- Serious falls
- Severe bleeding
- Poisonings
- Serious burns
- Serious injuries from car accidents

⇒ **You must receive prior funding authorization from Contract Health FOR EACH VISIT if additional visits are needed.**

You may be responsible for paying the bill if you receive care without first having funding approved. When you call Contract Health for funding authorization, please have the following information available:

1. Name of the CAIHC doctor or nurse and the date and time you spoke with the person
2. Patient's name, birth date
3. Nature of the emergency (diagnosis if known)
4. Name, address, and telephone number of the private doctor, clinic, and/or hospital
5. The appointment date and time or the date(s) care was received
6. Name of patient's insurance company(ies) and policy number(s) or Medicaid number
7. The date you left Alaska and the date you plan to return to Alaska

⇒ **Sign the provider's "Assignment of Benefits" forms.**

⇒ **Give the provider all your insurance information.**

All other payers must be billed before Contract Health can make payment as the final payer.

⇒ **Sign doctor and hospital "Release of Information" forms.** These forms allow the doctor and hospital to send copies of your medical records to CAIHC. Payment cannot be made until these records are received at CAIHC.

I have read and understand the above information.

Have a safe and speedy return to Alaska!
